Instructions for ordering from Alpha Garlic Farm

1. Please print out this Order Form. If the garlic is to be delivered to more than one address, use a separate form for each address.
2. Enter number of Lbs you wish to order next to each garlic. Please pay attention to the minimum Lbs for each garlic and order in full pounds ONLY. Extend each line and follow instructions to total up the order.
3. Send the total amount due (check check or money order) with the filled-in Order Form to:

Attn: Garlic Order

We anticipate having shallots available for spring planting starting on April 10th and table stock or fall planting starting on July 25th.

We will be shipping garlic from August 17th through November 24th.

Orders will be shipped as they are received. We ship to continental US ONLY (sorry, no Alaska or Hawaii). Orders must be received by Nov 21st to be included for 2011 shipping.

For orders over 20 Lbs - call or email for availability and shipping charges (best times to call are mornings: 6 am to 7:30 am or evenings: 7:30 pm to 8:30 pm.). If you use email, please include your zipcode and the number of Lbs being ordered in your email. Email only, please, for all other communications. Please understand that we are a family farm and are not equipped to handle a lot of phone inquiries. We will try and answer email questions in timely manner.

We try, in every way possible, to make sure our products are of the highest quality and we have over 17 years of satisfied customers to make us believe that we achieve that goal. If you are not satisfied with the product you receive, you have up to 10 days from the date it is delivered to you to notify us. We cannot accept returns after 10 days. We want our customers to be satisfied with our product - so please email us with any issues or questions you have.

We use our own planting stock on our farm so we know it produces - but since we have no way of determining the conditions in your area or how your garlic or shallots are grown, we cannot guarantee the yield or how it will grow in your farms or gardens. We do not treat any of our products.
